SUBJECT.

Complaint from certain students of H. H the Maharaja's Sanskrit College, Mysore, regarding the reduction of scholarships payable to them from October to December 1904.

From

The Secretary to the Managing Committee of H H the Maharaja's Sanskrit College, Mysore.

Letter No. 26 Dated 21st January 1905

* No. 2084, dt 30th Nov. 1904. Stf R.

A number of students of H. H the Maharaja's Sanskrit College, Mysore, petitioned* to this Office and also to the Secretary personally when he was at Mysore in January last, complaining that only a moiety of the full amount of scholarships payable to them was being disbursed to them since October 1904. The petition was forwarded to the Secretary to the College Committee and he was requested to report detailing the circumstances and the authority under which such reduction in the amount of

MGCPB—500—21-1-05

scholarships was brought into effect.

The required report* has now been received. In it, the Secretary to the College Committee says that when settling scholarships for the quarter commencing with October 1904, the Committee found the amount available insufficient to pay all the scholars at the prescribed rates in full and that as suggested in Govt Pro: No. 1283-4 Miscl 17-97, dated 7th June 1901, the Committee had recourse to the expediency of reducing by one-half the amount of scholarships payable to such of the students as were fed in H. H. the Maharaja's Chattram and the Sri Prasanna Krishnaswami temple in order to make both ends meet, and that these latter students are better off than the others forming the majority who are not fed in the Chattram and who are given scholarships in full at the prescribed rates.

Para 4 of the Govt Order of the 7th June 1901, quoted by the Secretary to the College Committee however merely directed the Palace Controller

to report in consultation with the Committee of the College whether the scholarships held by such of the students as were fed in the Chattram might be withheld in whole or in part and placed at the credit of the Chattram. The report called for was also received. In it, the Committee represented that the students were fed only once or not at all on Ekadasi, Amavasya, Sankramana and such other days, that they had to purchase books, stationery and clothing, perform Sraddhas, pay for lighting and meet several other expenses incidental to student life, and the Committee accordingly expressed it as their opinion that the suggested withholding of scholarships was inadvisable Here the matter dropped.

In November 1904, the Secretary to the College Committee submitted a copy of the Resolutions of the meeting held on the 31st October 1904. The resolution merely

intimated that Rs 298-12-0 were payable as scholarships to the students of the College for the first quarter of the year (which is under reference) It does not say anything about the reduction effected in the scholarships of such as were fed in the Chattram or temple which forms the subject of the present complaint of the students - Government have prescribes a scale of scholarships awardable to the students of the several classes of the College, and if, for the quarter under reference, they had been paid according to those rates, it has to be admitted that the scholarships would have exceeded the sum of Rs 339/- as sqnied for the purpose in Govt Pro. no. 2077-80 Muzrt 25-92, dated 20th January 1904, for them, they would have amounted to Rs 360-8-0 or Rs 20-8-0 in excess of the fixed allotment. Considering that the students who complained are taking twice a day at T.T. Bhandis Chattram free of cost, the reduction of their scholarships by one-half does not appear to have been a harsh measure. As a matter of fact, the allotment of scholarships in the Mysore Sanskrit College is found inadequate in some parts of the year, and under such circumstances, the action of the Committee may be approved, but it may be pointed out that they should have obtained the sanction of Govt before making any change in the distribution of scholarships.

Enclosure No. 1

Sir, With reference to your memo. 2410 dated 7th instant calling for a report on the enclosed petition of some of the students of the College complaining of reduction in their Scholarships, I have the honor to state that, when settling scholarships for the quarter commencing with October 1904, the Committee found the amount available

insufficient to pay all scholars at prescribed in full and accordingly reduced by half the arships payable to such of the students as are at the Maharajah's Chhatram and the Prasanna Swamis temple. As the Govt. Order no. Misc 7 17-9 dated 7th June 1901, Sanctioning the feeding of the College Students at the Chhatram, suggested some reduction in the Scholarships payable to such the Committee had recourse to this step as the way of making both ends meet. Further, the Committee believes that the students who are fed at the Chhatram and the temple ~~receive~~ and given scholarships at half the prescribed rates were really better off than the other forming the majority, who are not fed at the Chhatram and who are given scholarships in at the prescribed rates, ranging from Re. 1 to Rs. 6 per month.

I have the honor to be,
Sir
Your most obedient S
